Centreville, VA | (757) 641-4448 | dahntaybaugh@gmail.com | LinkedIn | Portfolio

EDUCATION

Cornell University, College of Arts & Sciences Ithaca, NY
Bachelor of Arts, Cumulative GPA: 3.5 *May 2026*
Majors: Information Science (Data Science) | Minors: Business Administration
Relevant Coursework:
Interactive Web Application Design (INFO 2310) Object-Oriented Programming & Data Structures (CS 2110)
Causal Inference (STSCI 3900) Cybersecurity Law, Politics, and Policy (INFO 4140)

RELEVANT EXPERIENCE

Media Research Center Dulles, VA
Fall Tech Intern (Systems Administration/Security) *September 2026 – Present*

- Authored and deployed a Bitdefender GravityZone security policy across 150+ devices to replace Symantec, using relay servers for efficient software distribution and documenting the reasoning behind every policy decision and setting made
- Joined an Ubuntu Samba server to the existing MRC Windows Active Directory domain using Winbind, creating ID mapping to convert Windows user data to a Linux format and configuring Kerberos authentication for secure user logins
- Provisioned a new Samba domain (MRCSMB.LOCAL) on an Ubuntu PC to mirror the Windows domain controller and possibly replace it, configuring Kerberos, DNS, IP forwarding, and scripts to migrate Windows users, OUs, and groups
- Tested the new domain by moving an unused PC onto it and logging in with test user and administrator accounts over remote desktop, managing the server over SSH and verifying users and devices through RSAT and the AD GUI

PROJECTS

Flight Delay Analysis Dashboard - 2025 (Tableau/SQL) Remote
Independent Project *December 2025 – Present*

- Cleaned a combined dataset of 7M+ U.S. flights and analyzed delay times and rates by airport, airline, and delay cause
- Built an interactive Tableau dashboard with linked filters to compare delay patterns across origin airports and carriers

Parent Participation in Student Schooling and Teenage Delinquency (R) Ithaca, NY
Causal Inference (STSCI 3900) *August 2025 – December 2025*

- Used R to clean survey data and estimate the causal effect of parental involvement in their schooling on teen drug use
- Designed a DAG, identified key confounders, and implemented propensity score matching to estimate treatment effects

WORK EXPERIENCE

Cornell University – The Cornell Store Ithaca, NY
Student Supervisor (Registers Department) *June 2025 – June 2026*

- Assisted 100+ customers per shift, giving product recommendations and resolving checkout issues in a timely manner
- Modeled and acted in promotional skits and newsletters for product drops on the store's website and social media pages

ACTIVITIES/CAMPUS INVOLVEMENT

Pi Kappa Alpha Ithaca, NY
President/External Vice President/Rush Committee *February 2023 – June 2026*

- Oversaw the external cabinet managing campus events and philanthropy and community service, raising $5000+ in total
- Led the day-to-day operations of the largest IFC chapter on campus while also maintaining the second-highest GPA

SKILLS & INTERESTS

Data & Development: Python, R, SQL, PostgreSQL, Tableau, JavaScript, HTML, CSS, Data Cleaning, Causal Inference
Systems & Security: Linux (Ubuntu), Samba, Winbind, Active Directory, Kerberos, DNS, SSH, Bitdefender GravityZone
Interests: Tech Consulting, Data Analytics, Cybersecurity, Soccer, Chess, Science-fiction
